## ABOUT US

Eastlake Gas & Power Limited is the dedicated midstream and downstream gas subsidiary of Eastlake Exploration & Production, established to unlock the full value of natural gas resources across Nigeria. The company focuses on the commercialization, processing, distribution, and utilization of natural gas for power generation, industrial development, and clean energy solutions.

With a strong commitment to energy security, sustainability, and economic growth, Eastlake Gas & Power Limited is positioned as a key enabler of Nigeria's gas-driven

## OUR MISSION

To deliver reliable, affordable, and cleaner energy solutions through efficient gas infrastructure, innovative distribution models, and strategic partnerships.

## OUR VISION

To become a leading integrated gas and power company in the West African sub region and a major force to reckon with on the entire African continent, driving industrial growth and supporting the transition to a low-carbon energy future.

## CORE BUSINESS AREAS

### **GAS COMMERCIALIZATION & MARKETING**

- | Structured gas sales agreements (GSAs) for industrial, commercial, and power customers
- | Development of domestic and export gas markets
- | Strategic partnerships with state governments and private sector players

### **GAS PROCESSING & INFRASTRUCTURE**

- | Development of modular and scalable gas processing plants (including NGL recovery)
- | Deployment of gas gathering systems and compression facilities
- | Pipeline interconnections and virtual pipeline solutions (CNG/LNG)

### **POWER GENERATION**

- | Development of embedded and captive power plants
- | Gas-to-power solutions for industrial clusters and underserved regions

### **CNG & LNG SOLUTIONS**

- | Establishment of CNG mother and daughter stations
- | LNG supply for industrial, transport, and remote energy applications

### **INDUSTRIAL GAS DEVELOPMENT**

- | Supply of gas to key sectors including manufacturing, cement, steel, and agro-processing
- | Development of gas-based industrial parks and clusters
- | Integration with petrochemical and fertilizer value chains

## STRATEGIC FOCUS AREAS

**DOMESTIC GAS EXPANSION: Supporting Nigeria's "Decade of Gas" initiative through increased supply to local markets**

**ENERGY ACCESS: Delivering gas-to-power solutions to underserved and off-grid communities**

**INDUSTRIALIZATION: Enabling large-scale industrial growth through reliable energy supply**

**SUSTAINABILITY: Reducing flaring and promoting cleaner alternatives to liquid fuels**

**INNOVATION: Leveraging modular technologies and digital systems for efficient operations**

## FLAGSHIP INITIATIVES

- | Development of gas infrastructure from upstream assets including OML 96, OML 141 and other strategic fields.
- | Joint venture gas commercialization projects with regional partners
- | Deployment of 5–50 MMSCF/D modular gas processing and distribution hubs
- | Planned National rollout of CNG supply networks targeting transportation and industry
- | Planned regionally phased development of EV stations across Nigeria, for the automobile and transportation sector.

## COMPETITIVE ADVANTAGE

- | Strong upstream gas access through Eastlake Exploration & Production
- | Integrated gas-to-power capability across the value chain  
Flexible infrastructure model (pipeline + virtual pipeline systems)
- | Deep understanding of Nigeria's regulatory and commercial landscape
- | Strategic partnerships with government and private sector stakeholders

## COMMITMENT TO SUSTAINABILITY

*Eastlake Gas & Power is committed to:*

- | Reducing greenhouse gas emissions through gas substitution
- | Eliminating routine gas flaring
- | Supporting cleaner transportation fuels (CNG/LNG)
- | Promoting environmentally responsible operations

## HEALTH, SAFETY & ENVIRONMENT (HSE)

*Safety is central to all operations. The company adheres to international best practices in:*

- | **Process safety and risk management**
- | **Environmental protection and compliance**
- | **Workforce training and safety culture development**

## LOOKING AHEAD

*Eastlake Gas & Power Ltd is building a future where natural gas serves as the backbone of Nigeria's energy mix—powering industries, creating jobs, and driving sustainable economic growth.*
